#### § 668.36 Social security number.

(a)(1) Except for residents of the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau, the Secretary attempts to confirm the social security number a student provides on the Free Application for Federal Student Aid (FAFSA) under a data match with the Social Security Administration. If the Social Security Administration confirms that number, the Secretary notifies the institution and the student of that confirmation.

(2) If the student's verified social security number is the same number as the one he or she provided on the FAFSA, and the institution has no reason to believe that the verified social security number is inaccurate, the institution may consider the number to be accurate.

(3) If the Social Security Administration does not verify the student's social security number on the FAFSA, or the institution has reason to believe that the verified social security number is inaccurate, the student can provide evidence to the institution, such as the student's social security card, indicating the accuracy of the student's social security number. An institution must give a student at least 30 days, or until the end of the award year, whichever is later, to produce that evidence.

(4) An institution may not deny, reduce, delay, or terminate a student's eligibility for assistance under the title IV, HEA programs because verification of that student's social security number is pending.

(b)(1) An institution may not disburse any title IV, HEA program funds to a student until the institution is satisfied that the student's reported social security number is accurate.
